ACC

SIM ➩

ID: 8160822000

RoHS COMPLIANT   FC CE

1. Please install the Sim Card as per below instructions.

Please note: JIO sim won't work.

Installation Procedure

1. Unscrew the screw and open the lid
2. Plug-in SIM card

Once you insert the Sim, 2 lights Blue and Orange will glow inside the device.

Color	Blinking	Stable
Blue	GPS Not connected (Take Device under open sky)	GPS Connected
Orange	GSM Mobile Internet Not Connected (Follow Step 4) If Step 4 done, recharge the Sim with mobile internet)	GSM GPRS Connected

2. Now you have to send SMS command to the mobile number installed in the device from any other mobile.

a. APN Setting command (APN123456 <space> <apn>)
<apn> you can contact your mobile service provider
Common available APNs as below.
Airtel: airtelgprs.com **(Prefer Airtel sim for easy configuration)**
Vodafone: portalnmms
Idea: internet
BSNL: bsnlnet

You will receive **apk ok** as reply.

APN setting command example for Airtel Sim.

APN setting command example for Vodafone Sim.
APN123456 portalnmms

APN setting command example for iDEA Sim.
APN123456 internet

APN setting command example for BSNL Sim.
APN123456 bsnlnet

b. Next command is for IP settings.
IP 24.aika168.com 8185
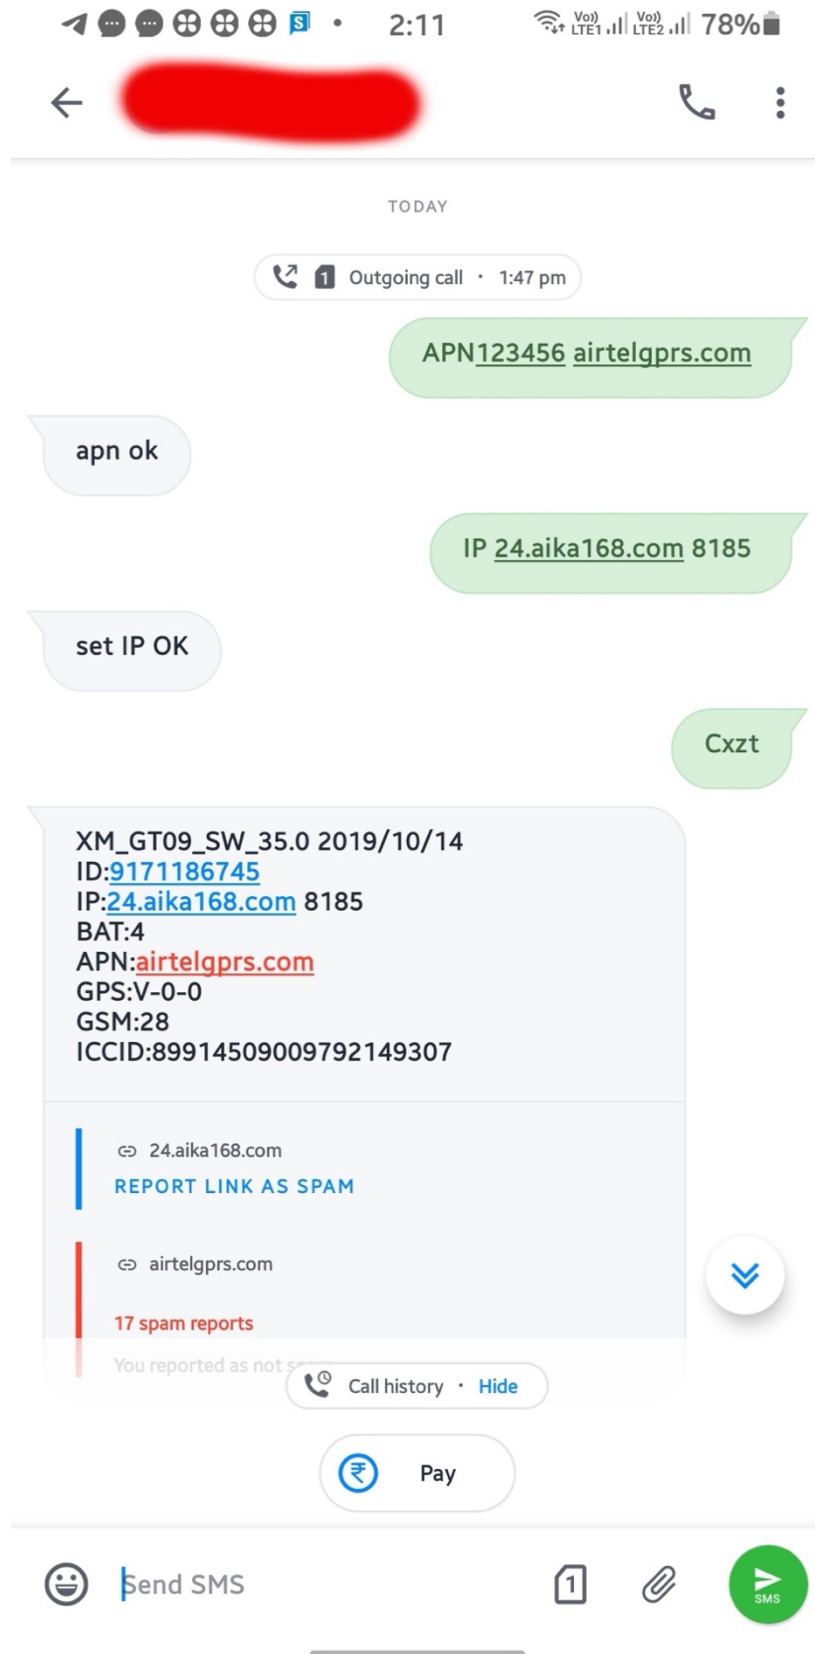

You will receive **set IP ok** as reply

c. Next command is for checking status
CXZT
You will get Device ID, IP, Battery (1 Low and 6 Full) and GSM status and GPS status in the reply.

PLEASE NOTE: Consider SPACES as per the command.

SMS SCREEN WILL APPEAR LIKE THIS

After sending above commands your device will ACTIVATE WITHIN 15 MINUTES

3. Please download app from QR code giving in instruction manual or you can download from below link.
bit.ly/3rtSFuG

4. Now in app.
Insert Device ID (As mentioned on your device barcode or when you received reply after sending CXZT command)
Password: 123456

Device ID

In app on top, Status will change from Not enabled to GPS Stationary.

Please note to get the correct location: You sim should be recharged with mobile data and your device has to be in under the open sky.

If you still get any issue in activating please whatsapp msg us at **7982152702**

For further commands you can refer the in another instruction manual.
